

YAQUBOV O'KTAM

PROFILE

I'm PHP source coder, Web & Software developer. I speak, read and write fluent English and writing a clean readable code is my obsession. Experienced Project Manager with a demonstrated history of working in the information technology and services industry. An experienced developer of PHP, Java, C #, HTML, CSS, JS, MySQL, PostgreSQL programming languages. I write tests for all my logic to make sure everything is in place. Powerful tools in writing RESTful API, tested with Postman and other tools. Also I am using latest technology of PHP OOP and Laravel 5.x MVC framework. Work with front end responsive style with latest bootstrap and foundation framework, jQuery, Ajax..
